LIBRARIAN'S REPORT

Our circulation has shown a steady increase this year both in the main library and some deposit stations. Adult fiction, 2,526, Juvenile fiction, 1,596 and non-fiction, 814. Our magazines grow more and more popular and at the present time we are subscribing to Cosmopolitan, Good Housekeeping, American Home, Readers Digest, Commentator and McCalls. We plan to add others this next year.

More new books have been added this year than formerly and our non-fiction department has benefited greatly. We are proud to own a new Webster's International Unabridged Dictionary and stand which cost us twenty-seven dollars but will serve us for years. The high school pupils use this for reference work.

Your librarian attended library school in Manchester during the summer and has since received a two-year certificate of qualification as a librarian in a town up to 3,000 inhabitants.

Donations of books have been received from Mrs. Scott, Mrs. Sherman Thayer, Ruth Alexander, Jerome Rogers, Richard Horton, Ernest Cloutier, Roger Travis, Phyllis Thayer and others. To these we are very grateful.

Respectfully submitted,

HELEN B. THAYER,
Librarian.

REPORT OF PLAYGROUND COMMITTEE

At the last town meeting it was voted to appropriate the sum of \$200 for a playground. This being the first season, equipment was needed and for a time it was feared the season would be very short, due to lack of funds, but through the generosity of two of our summer residents, Mr. Lucius Thayer, who donated \$100 and Mr. Wellington Wells, \$25, the committee was enabled to keep the playground open for the space of four weeks.

We were very fortunate in securing the services of two able instructors, Mrs. Ruth Hastings and Mr. Donald Dupres and it is felt that the children derived considerable benefit from the project.

At the close of the four weeks, as a small sum remained in the fund, it was decided to give the children a day's outing at Wheelock park and a bus was engaged for this purpose. About sixty children attended and were given a treat of ice cream.

These promotions were made on the following points: regularity of attendance, term rank, standard tests, and regular tests given by the teachers.

Metropolitan Achievement Tests were given: one at mid-year and one in June.

The Otis Standard Graduation examination for elementary schools was given to the eighth grade.

Results obtained in respective grades justified the above mentioned promotions. Progress in school work throughout the year was normal, a high degree of interest maintained, the number of tardinesses kept down and in spite of epidemics of colds, a creditable percent of attendance maintained; all of which are earmarks of good schools.

GRADUATION

On the evening of June 21, graduation exercises were held by the Chesham school at the Grange hall.
